

The Chameleon Club and A.C.E.

joyfully welcome you to

#### RECYCLE OR DIE

Recycling is mandatory in New York State! If you can take your trash home with you, please do!

#### For easy recycling:

1. Rinse and separate as part of the cooking/eating process. Rinse or bag recyclables right away. (Keeps animals and bugs from your camp as well!)
2. Bring recyclables to the recycling gathering points DAILY. Water for rinsing is available at both. See map for gathering points.
3. Burn or bag paper right away. <<Be careful of flying ash.>>

#### Here's how to separate:

Aluminum (foil, pie plates, TV trays, beer/soda cans)  
RINSE AND FLATTEN

\*\*\*New York State--5 cent deposit on specifically marked cans\*\*\*  
Separate these from other cans, rinse and leave undamaged;  
they can be returned to the local grocer for a refund.

Tin (steel) cans - Rinse, remove labels and ends, and flatten.

Glass - Separate by color (clear, amber, green). Rinse, remove metal rings. Labels may stay on.

\*\*\*Same as aluminum regarding New York State refund\*\*\*

Plastics - Containers with these symbols-

can be recycled. Rinse, remove hard caps and rings, flatten.

\*\*\*Same as aluminum regarding New York State refund\*\*\*

Non-Recyclables - Take other plastics and polystyrenes home with you if possible.

DO NOT FLUSH diapers, tampons, feminine napkins. Use the containers provided, next to the toilet!

Garbage bags do not degrade in landfills. Some may be available at Registration. Share a trash bag with a friend! If you must dump, get 'em full and tie 'em closed.

Dishwashing - Please do NOT use the sinks in the bathrooms. Grease and food scraps wreak havoc on the plumbing. Share a dishpan with a friend! Dump wisely!

This monumental task requires everyone's cooperation. Thanks.

#### STARWOOD #1 RULES & REQUESTS

This a great site!

The owner deserves your cooperation.

PLEASE read and abide by these simple rules.

1. **STARWOOD IDENTIFICATION** - Must be worn at all times during the event. Those who don't, jeopardize their right to remain. **NO ENTRY TO WORKSHOPS WITHOUT THIS I.D.**
2. **VEHICLES** - Car IDs must be properly displayed at all times. After unloading, please immediately move your vehicle to the Parking Area across the road from the entrance. 4. **RESTRICTED AREAS** - NO loud noise/music in QUIET CAMPING after 10:30. All-night drumming is restricted. See the large site map. Don't camp in any NO CAMPING areas--there's a reason. Refer to MAP. "SKYCLAD" AREA is up to the back door of the Shower House. Wear clothing when going to the ice truck, cook house and/or parking area.
5. **WOODS - FIRES IN WOODS WITHOUT PRIOR PERMISSION FROM THE OWNER IS EXTREMELY DANGEROUS AND STRICTLY PROHIBITED!** Shoes strongly recommended. Please stay on marked paths, especially at night.

8. **DEPENDENTS** - Children/pets are your responsibility and must be closely supervised at ALL times, ESPECIALLY at Swimming Area. BE SURE to sign waivers for ALL your dependents.
9. **TAKE IT AWAY** - If you go into town! Keep your Starwood gear, clothing and usage at Starwood. This does NOT supersede Rule Number 1.
10. **RECORDING** of music and workshops for commercial purposes, other than by ACE, is strictly prohibited.
11. **HONOR THE LAND!** - Refer to the Recycle Or Die section. Pick up any trash you find and clean your campgrounds thoroughly before you leave.
12. **HAVE FUN** but play safe. Watch your sun exposure, drink plenty of water, and look out for one another. Condoms and sunscreen are available at the First Aid tent.

## CHILD CARE CO-OP

If you will be using child care, you must sign up to help, since this is a co-op. Parents will be required to work one hour for every four hours their child/children are in the co-op (per family, not per child). Those not using the center are also welcome to sign up to fulfill their two hour volunteer work detail.

The hours for the child care co-op are currently 10 am-6 pm on most days, but may be shorter if not enough volunteers are available for adequate and effective staffing.

Duties include supervision of small children and possible assistance with children's programs.

Although some snacks will be provided (contributions are welcome), meals will not be available. Be considerate of both your children and care givers. Feed your children lunch. Be sure to leave any special supplies (like diapers) with the volunteers.

Sign-up sheets for all the above are at the registration table. Any questions may be directed to Sue Parker.

## YOUNG HERALDS CLANS

Children 8 and up are welcome and encouraged to take part in announcing the programs. Children will be paired with adults to complete the rounds. There will be sign-up sheets at registration.

## STORYTELLERS' GUILD

A very exciting and important part of this year's children's programming is the Storyteller's Guild. Story time will occur daily (Wed-Sat) at 2:00 pm at or near the Children's Care Co-op.

Both young and not so young are invited to tell or read stories. There will be some books available, or bring your own. Of course, children of ALL ages are welcome to come and listen to these wonderful tales.

## CHILDREN'S CRAFTS

Various wonderful people are offering creative craft-making workshops, including making wreaths and puppets.

## TEEN CENTER

Skip Ellison and Bev McDrillis are offering space for teens to hang out, ask questions and have discussions. Look for it on the map.

STARWOOD BY NIGHT

**TUESDAY** night begins with a simple opening circle offered by ACE/Chameleon Club. The Welcome Wagon Jam Session launches the music that threads throughout the entire Starwood festival. Bring your instruments, voices and bodies.

**WEDNESDAY** night is the Starwood Dance Party: world-beat dance mix and hot dancing under the stars. Then we'll all get a look at CC Rosencomet's fantastic animated shorts, followed by the feature film: The Seven Faces of Dr. Lao. A small western town on the verge of desolation is visited by the Circus of Dr. Lao, an inscrutable Oriental magician/trickster. The circus, including such fantastic members as Merlin, Pan, Medusa and the Loch Ness monster, acts as a mirror, showing visitors some truth, however disconcerting, about themselves. Starring Tony Randall (playing 8 roles), Barbara Eden and the award-winning special effects of George Pal. A fantasy film classic!

**THURSDAY** we offer the Bardic Circle, an open-mike opportunity for everyone to share their musical and poetic talents. Please sign up at the beginning to assure a spot. Our special guest is KIVA, led by Ariana Lightningstorm, an unusual ensemble of musicians dedicated to bringing the spirit of magic back to the art of music. Their music brings to the community songs of the Goddess, Healing and Earth's ancient ways. Their musical styles come from all over the world, including folk, blues, traditional and jazz.

The drawing for the raffle by Don Waterhawk will be held at this time

**FULL MOON CIRCLE** - A full moon at Starwood is always more special and exciting. Wear your magical finery, shamanic power garb, whatever... Under the light of the moon, we will attune ourselves to the Gods and the Spirits, celebrate with fire and song, and offer our energies for the healing of the Earth.

**FRIDAY** is the Starwood Concert: (in order of appearance)

**REAL MAGIC:** Well known Pagan Bard, Isaac Bonewits' new band presents the best in Pagan folk rock, featuring his original songs, accompanied by the dazzling guitar of Jeff Kalmar and the carefully crafted vocals of Connie Doane. They will perform songs from their new album Avalon is Rising!.

**VICKY GANGER AND THE STARWOOD SIZZLERS:** There's a new sound in the air! For over a decade, Vicky's original acoustic songs have been a highlight of the Starwood concerts. This year, joined by a host of other talented musicians from the Chameleon Club, she takes her unique musical blend one giant step beyond.

**IAN CORRIGAN** offers songs in the British tradition to harken us back to days gone by and mysteries of here-and-now.

**RON SLABE**, a Chameleon Club member, has worked extensively with performance and art groups in Cleveland, most notably the Subliminals and the Nova Lizard Project. Get ready for REDDY KILOWATT'S ASCENSION TO DEITYHOOD (The Inaugural Performance Ritual of the First Church of the Electron)! His performance of industrial fourth-world music uses electronic tape, metals, pyrotechnics and other luminiferous effects. The Starwood Fireworks/Light Show will be part of his performance.

**SAMBA SCOUTS'** Afro-Cuban rhythms, specifically samba from Brazil, Guanguanco from Cuba, and Yoruban from Nigeria, use bells, shakers, drums and voice. It's intense, sexy and BIG FUN!

The drawing for our Greenpeace Raffle will be held at this time.

**SATURDAY's** procession starts at the pavilion, and takes us through Joseph Rothenberg's amazing Maze of the Elements--a multimedia environment offering symbols of Fire, Water, Air, Earth and Spirit. Strange and fantastic beings may join us as we make our way through Starwood to the Bonfire. Whether this is your first or your eleventh Starwood, you won't just enjoy it, you'll enjoy the hell out of it!!!

## STARWOOD 1991 WORKSHOP DESCRIPTIONS

### AFRO-CUBAN DRUMMING - Samba Scouts

Learn Afro-Cuban rhythms, specifically samba from Brazil, Guanguanco from Cuba, and Yoruban from Nigeria. Participants will use bells, shakers, drums and voice.

### AIKIDO AND UESHIBA'S ENLIGHTENMENT - Jim Klar

A demonstration of and introduction to the 20th century martial art of Aikido. Also examines the events in the founder's life that led to his enlightenment and creation of the art. Attendees will be expected to participate in non-strenuous Aikido exercises to experience blending and the flow of Ki (universal life force) in their bodies. Wear loose clothing and bring comfortable sit-upons.

### ANCIENT GODDESSES: Recovering Our Lost Heritage - Morning Glory Zell

For 2,000 years before God the Father was ever conceived, the human race revered a Great Mother who gave birth to Life itself and nourished everyone with the fruits of Her body. Morning Glory shares her collection of over 100 authentic votive Goddess figurines. When you handle a stone-age ivory carving or a bronze Lakshmi image from a modern Hindu shrine, you can feel a familiar echo in your heart as a lost treasure is restored to you.

### ANIMAL SPIRIT CIRCLE - Morning Glory Zell

An experience in Shapeshifting. This popular circle, based on Morning Glory's work with the Council of All Beings work of Joanna Macy and John Seed, involves a shamanic transformation through our evolutionary journey. Will use entrainment drumming, somatic remembering and deep trancework to help revolve into the various animal species.

### AR NDRAIOCHT FEIN (ADF) INTERNATIONAL MEMBERS' MEETING - Isaac Bonewits

Election of ADF's Members Advocate, and reports from the Mother Grove.

### THE ART OF CELTIC ENCLOSURES - Brian Perrin

How to build a Celtic temple, and what kind of art was used in temples.

### AUTHENTIC MOVEMENT - Larry Myers

What is now called 'authentic movement' was once part of a series of body-mind endeavors originated by Mary Starks Whitehouse. The term now refers to improvised dancing with eyes closed, usually without musical accompaniment, and with one or more 'witnesses.'

### AWARENESS THROUGH MOVEMENT: The Feldenkrais Method - Jonathan Smith

The Feldenkrais Methods--sequences of gentle, comfortable movement explorations--will help you reconnect with your natural ability to move. It will help you improve posture and breathing; reduce stress, tension and fatigue; ease pain and stiffness; and develop efficient and flexible movement.

### BALANCE AND TRANSFORMATION - Nema

The open secret of Magick and other systems of Initiation is personal transformation. Included in this workshop are milestones on the path of Initiation, symptoms of success and failure in achieving new levels of consciousness, and the Priest's function in the process of progress.

### BECOMING A DRUID PRIEST/ESS - Isaac Bonewits

The Ar nDraiocht Fein (ADF) study and training system provides structured learning in Druidic paths. This talk explains the course and how to begin.

### BEGINNING RITUAL DRUMMING - Richard Keenan

Drumming brings magic and energy to ritual. An introductory workshop to simple drumming techniques for ritual use.

### BEING PSYCHIC - Rebecca Crystal

Begins with a short lecture and a demonstration. The majority of the workshop will consist of experiential exercises, starting with sensing your own aura and progressing to partner and group work. Relaxation, psychometry and telepathy will be included.

### BERDACHE: Spirits on the Land - Phoenix

Native American views on gender, role and spirituality. A discussion of the application of the Berdache principles to our modern community.

### BODY MUSIC - Karen Allgire

Explores the use of the body & voice to produce sounds, create rhythms and experience self awareness and group interaction. Clapping, clicking, stomping, vocalizing and walking will be combined in interlocking and mesmerizing patterns.

### CHAOS, FRACTALS AND THE MAGICAL WORLDVIEW - Andrew Hoerner

A multimedia exploration of the world of fractals and nonlinear dynamics. (These computer-generated images and videos are truly cool). The mathematical study of feedback and chaotic (turbulent) processes is leading to some interesting parallels to traditional western magical theory. Video flight through the mathematical models of chaos. High school algebra helpful but not essential. Hand-out and reading list will be distributed.

### ELECTRO-MEDICINE, MASSAGE AND MIRACLES - Donna Boswell

Massage and electro-medicine are individually powerful healing tools. Together they are unbeatable. Explore the healing possibilities in this hands-on seminar.

### COSMOLOGY OF THE INDO-EUROPEANS - Isaac Bonewits

Discussion on the background structure of the pagan world-view.

### THE COUNCIL OF WEE PEOPLE - Rainbow Weaver

This ancient Native American teaching tool for young children tries to answer the questions children ask (Eg: Why is the sky blue and why do birds fly south?). Story telling, singing, dancing, games and crafts help inspire creativity and positive self image that carry the children through their lives.

### CRAFTING ALTAR FIGURES - Rainbow Weaver

Native Americans and other nationalities have used altars in ceremonies for centuries. Suggestions for and examples of bringing altar ceremonies into your daily life will be offered. Guides for creating our personal altar sculpture intended for use on our special altar will be provided. Bring any personal objects you may wish to incorporate into your piece, or share with the circle.

### CRANIOSACRAL THERAPY - Kathleen Amber

Considers the root causes (other than symptoms) of physical, emotional and energetic dysfunctions, discusses contact with the 'inner physician,' and addresses the ethics of this connection and its use for healing. Includes energy channeling.

### DANCE IMPROVISATION - Karen Allgire

Will explore ways of discovering our own spontaneous impulses for creative movement and group interaction.

### DANCING YOUR MAGICK - Kenneth Deigh

A workshop on the magickal use of your body, using a visualization of the body as process. There will be a series of exercises in Authentic Movement (Alexander Technique); individual expression through movement; movement with a partner, and movement in a group.

### DEEPENING THE ADF LITURGY - Isaac Bonewits

Ar nDraiocht Fein (ADF) looks at the newest models of our basic ceremony, and discusses grove ritual.

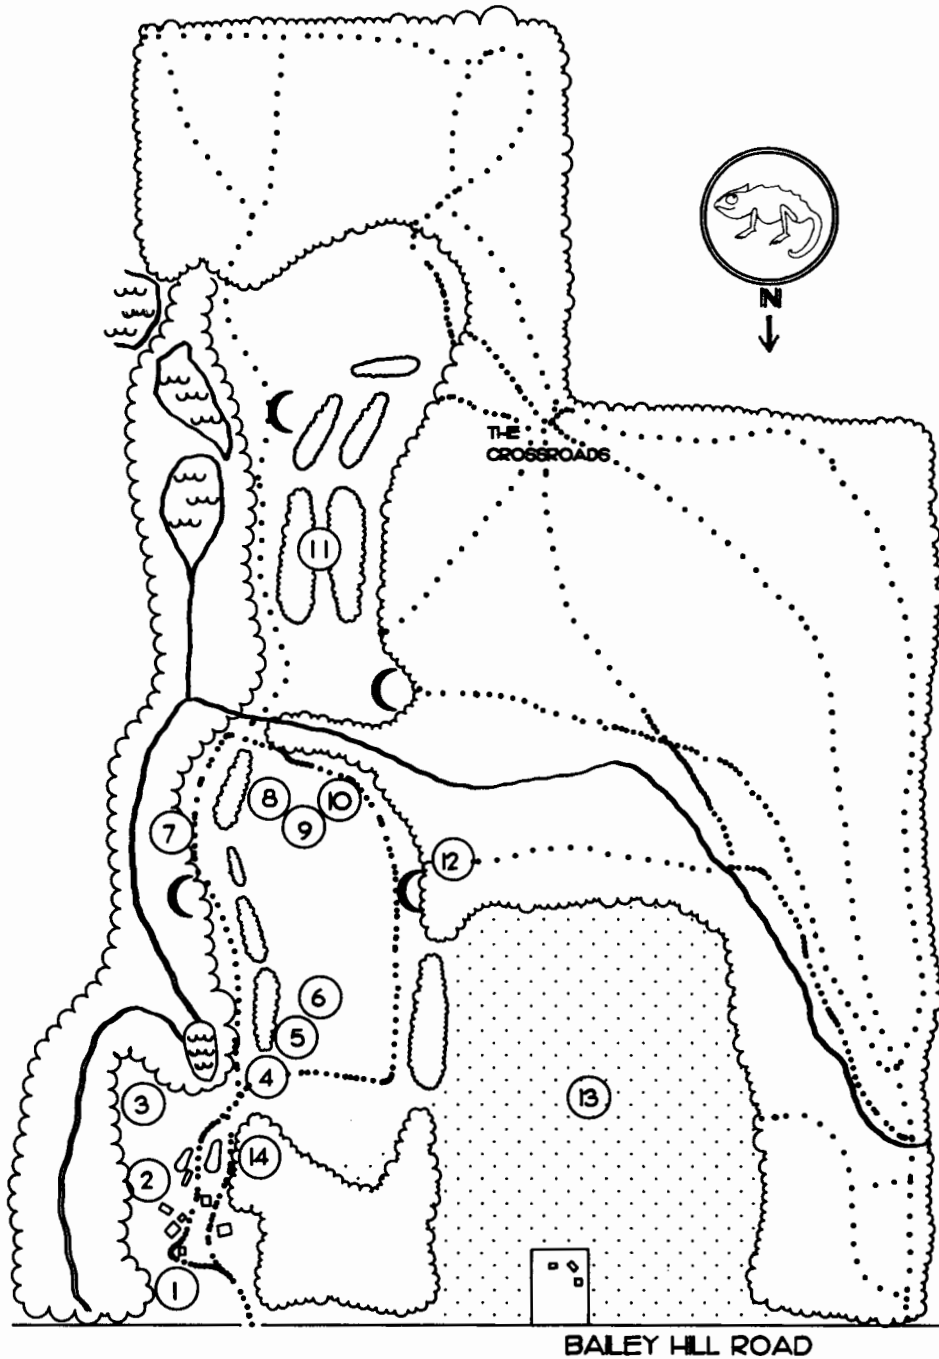

### DREAM FEATHER - Rainbow Weaver (\$10 fee)

A workshop for manifesting your dreams and goals in the physical world. Dreams can be tapped through the use of a dream feather, since feathers are the messengers of peace from the winged ones. Rainbow Weaver will guide participants in crafting personal dream feathers using natural materials. Bring your drums and rattles.

### DRUIDRY: ANCIENT & MODERN - Ian Corrigan

No ancient pagan tradition has had more attention, or suffered more misformation, than the Druids. This talk reviews known facts about the priest/ess-hood of the Celtic peoples, and discusses how modern pagans can get involved in authentic recreations of their mysteries. An Ar nDraiocht Fein (ADF) presentation.
