Healing

*Winter is a Warm Time;
Warm Sweaters, Warm Socks,
Warm Mugs of Warm Drink by Warm Winter Fires.*

*Winter Days are Warm Days;
Cocooned in Layered Clothing,
Astounded at Icy Furies Whistling around You.*

*Winter Nights are Warm Nights;
Cuddled Close Together,
Not Forced a Hot and Sticky Distance Apart.*

*The Hearth-Fire, Like a Mother's Kiss,
Heals no less than the Summertime Sun.*

*Bonfires Blaze Clouds of Sparks Against the Night,
But Banked Fires Burn Hottest,
And Shared Fires Warm Best.*

Come Share the Warmth of a Winter Star!

Winter Star Nights

This is the thirteenth annual WinterStar Symposium, sort of making it the Year of the Coven, and we're celebrating that with our old friend from the very beginnings of ACE history, Selena Fox of Circle! We have some old and new friends, some who made a big hit at this year's Starwood Festival, and plenty of warmth and good feelings to sustain us through the Winter.

The WinterStar Symposium is one of our favorite projects. For thirteen years we've enjoyed the company of friends, luminaries, performers, and bright souls in much more luxurious surroundings than our Summer and Fall activities. WinterStar is the "best kept secret" in the Magical community: an intimate event with the best of facilities, with plenty of opportunities to interact with each other in a variety of settings. Check out the descriptions of the cabins and lodge and see what I mean.

Our program begins with the opening of registration on Thursday at 6 PM in the Hospitality House (Cabin 17), followed at 7:30 with two simultaneous parties! At the Lodge we'll hold a Chameleon Pool Party Mixer, and no one gets more mixed than a Chameleon! Bring swimsuits and bodies to swim, sauna, and simmer in the hot tub at the Atwood pool area. At Cabin 17 we'll be drummin' and jammin' at the Welcome Wagon Party with potluck refreshments, the best place to hook up with those you're meeting at WinterStar, or meet the new folk you'll be sharing WinterStar with.

Friday's classes begin after the Opening Circle at 1:30 PM led by **Lilafal**, and continue until Dinner break. In the evening **C.C. Rosencomet** will show his animated shorts, and a selection of videos about the Magical Movement past and present. This will be followed by a musical performance by songwriter, singer, and premier guitarist **Jim Scott**, known best for his work with the **Paul Winter Consort** on such albums as *Common Ground*. This will move into a Bardic Circle, where presenters and attendees alike will be welcome to share their talents and join in the fun. We especially welcome offerings dealing with this year's theme of **Healing**.

Our traditional Bardic will include the talents of **Abraham** and **Debra Stuart** from the World-Music band **Shaman**, Singer/Songwriters **Ian Corrigan** and **Victoria Ganger** of **Chameleon**, and percussionist and temple drummer **Louis Martinie**, along with all you brave and gifted poets, musicians, and storytellers. We hope you will indicate your intent to participate on your registration form and sign in at the Registration Table. We may not provide a PA system, but we will be recording. A "Cash Bar" will be close at hand as well. Drumming and social activities will continue late into the night in the cabins (as if we could stop it if we wanted to!)

Classes will run on Saturday from 9:30 AM until 6:15 PM. Saturday night at 8:30 members of the Rampart St. Voodoo Spiritual Temple will offer the **Da Healing Ritual**, joining the Visible and the Invisible worlds and honoring the Ancestors and the Loa in their healing aspects. As always, this will be followed by late night big fun in the cabins.

We'll all bring our tired but happy selves to the Lodge for Sunday's classes, beginning at 10 AM and continuing 'til 12:45, followed after lunch (and cabin checkout) by a Panel Discussion entitled **Being Healers**, featuring presenters from this year's roster.

This mailer was created on a Power Macintosh Quadra 610 and 8100/100 using Adobe and Aldus software. Output at 85lpi on an HP4m, and printed on recycled stock. Design, Illustrations (except DaVinci's "Balance") and layout by J.R. Prosser; text writing & editing by Jeff Rosenbaum; and additional text editing and design consultation by Lisa Lefkort. Printing by Aarde Graphics.

Winter Star Symposium

Speakers & Workshops

XIII

The WinterStar Symposium has a thirteen-year reputation for bridging the gaps between the spiritual, social, and physical sciences, while providing plenty of entertainment and socialization to make it the perfect Wintertime vacation. This year's major theme, **Healing**, provides a unique opportunity to compare perspectives from a variety of Magical disciplines, practical arts, and schools of study, with joyous participation through ritual, song, and dance to acquire new skills we can take back with us into our lives.

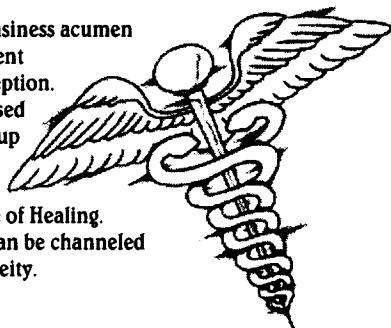

For the first time in over ten years, A.C.E. is pleased to welcome **Selena Fox** to the WinterStar Symposium. Selena is a founder of Circle, one of the oldest and strongest organizations in the Neopagan Community, whose works include Circle Sanctuary, the Lady Liberty League, the Pagan Spirit Gathering, and the widely circulated publication *Circle Network News*. Selena has appeared in person and through electronic media around the world, teaching about Goddess Spirituality, Paganism, Shamanism and inner development for over twenty years. She holds an MS in Counselling, is a Wiccan Priestess, a regular contributor to *Circle Network News*, and a spiritual counsellor and psychotherapist.

Selena will offer **Healing Magic**, a workshop and ritual focused on healing self, others, and the planet, with chanting, guided meditation, laying on of hands, rhythm making, and group energy raising. She will also lead **Communing with Sacred Land**, exploring ways to work with sacred groves, sanctuaries, caves, springs and other power places.

From the quark world of Quantum Mechanics comes the man once known as "Captain Quantum", **Dr. Fred Alan Wolf**. Author of seven books including *Spacetime and Beyond*, *Taking the Quantum Leap*, and *The Dreaming Universe*, Dr. Wolf holds his Ph.D. in Theoretical Physics from UCLA. He's had extensive interaction with Shamans and has participated in several ceremonies, and has incorporated many of the resulting experiences into his work. He is also the resident zany physicist on The Discovery Channel's *The Know Show*.

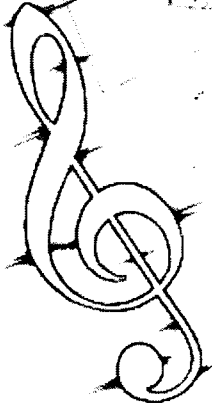

In **The Soul and the Self**, Dr. Wolf will offer "proof" based on quantum physics and ancient spiritual science of the physical presence of the soul. He will show how the soul and the self are related but not the same, arising from virtual quantum processes in space like a reflection of "real" occurrences. In this context, he will discuss many of the traditional questions about the soul: can it leave the body, be lost or possessed, survive death, be subject to the forces of good and evil, and others.

Sonia Sierra-Wolf combines 20 years of practical business acumen and work with autism and schizophrenia with ancient spiritual teachings and a rare gift of visionary perception. An ordained Priestess of Sekhmet of the Ireland-based Fellowship of Isis, she facilitates individual and group transformations. In **Sekhmet, Soul & Self**, Sonia will introduce the Egyptian Goddess Sekhmet, known both as Divine Destroyer and The Great One of Healing. Tremendous transformative and healing energies can be channeled through a spiritual connection with this powerful deity.

Mambo Miriam is a former Bishop of the Angel All Nations Spiritual Church. Miriam heads the Rampart St. Voodoo Spiritual Temple of New Orleans, and is an active spokesperson for Voodoo as practiced in New Orleans, carrying on the work of her husband, Belizean herbalist and Voodoo Priest Oswan Chaman. She'll present **The Voodoo of New Orleans**, a brief historical overview including the Invisible World, its inhabitants, and their relationship to the Visible World.

Louis Martinlé teaches Special Education and percussion for the Orleans Parish School system. He drums with the Rampart St. Voodoo Spiritual Temple of New Orleans, and for the ritual shows of the Mambo Museum. He has written *Waters of Return: Aeonic Voodoo*, the text for the New Orleans Voodoo Tarot, and is editor of Black Moon Publishing. He'll present **Rhythms of the Rampart St. Voodoo Temple and Krewe of Nutria**, teaching sacred rhythms as played to the Loa at the Temple and Mardi Gras rhythms of the drunken Nutria. Bring your drum if you have one.

The Da Healing Ritual: "To heal the physical body is important, but to heal the spiritual body is paramount. The distance between the person's spiritual body and their creator is a measure of the necessary Healing. Complete healing is complete union with the Creator." This Afro-Centric healing ritual of American Voodooism will focus on the division of the Marassa and the joining of the visible and invisible worlds overseen by Papa Lebot. Once the connection is achieved, the Ancestors and the Loas of Spirit of New Orleans will be honored in their healing aspects.

Jim Scott is an exciting acoustic guitarist and composer of powerful songs that further the ideals of ecology, justice, and peace. His personal musical style bridges Jazz, Classical and World Folk traditions. Best known as the voice on *Common Ground*, he has been a member of the Paul Winter Consort composing many pieces including choral works in *Missa Gaia/Earth Mass* and *A Song for the Earth*, has created a full-length musical *The Tree and Me*, and holds a degree from Eastman School of Music. A teacher as well as a performer, Pete Seeger has called him "some kind of a magician." Jim will offer **Creativity and Harmony Making**, a workshop where collaborative improvisation in sound, movement and visual art will create a safe space to nurture community. Non-verbal communication games will offer an experience of harmony, peace, health, and the healing power of sound. Any and all musical instruments, including voice and body are welcome - some supplied - no experience necessary.

Abrahm Stuart learned fiddle, tin whistle, and bodhran (Celtic frame drum) in the magical mountains of southwest Ireland. He leads the musical group **Shaman** performing for Irish and Pagan communities in the northeast U.S. He will offer an instructional workshop, **Instruments of the Celts**, in the sound and technique of the Bodhran and Irish Tin Whistle (Feadog). Bring bodhran or frame drum and "tipper" (two headed beater) and/or a whistle or any major-scaled flute (bamboo & silver flutes OK). In *The Sacred Weave*, Abrahm will present a new way to look at and visualize the inherent beauty of Celtic dance music, stressing magical tone poems, faerie energy, the nature of music and the music of Nature.

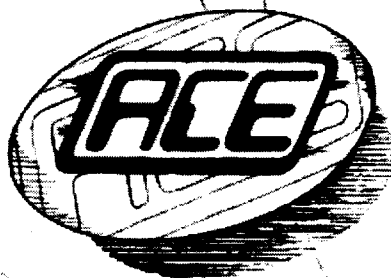

Ellen Evert Hopman (aka Willow) is a master herbalist and a homeopath who holds a Masters of Education in Mental Health Counselling. She is Vice President of Keltia, the International Druid Fellowship, and author of *Tree Medicine*, *Magick: A Druid's Herbal for the Sacred Earth Year*, and the herbal video *Ways of the Healing Earth*. Her latest book *People of the Earth: the New Pagans Speak Out* includes interviews from Starhawk, Margot Adler, Jan Corrigan, and many others. Ellen will present a workshop on *The Chinese 5 Element Theory*, drawing on her extensive knowledge of Homeopathy, Chinese Medicine, and other healing techniques, and a slide presentation on *Ancient British Sacred Sites*.

Ian Corrigan and **Lialal** are Chameleons, A.C.E. organizers, Pagan clergy and teachers. Ian is Vice Archdruid of ADF and a founding member of Stone Creed Grove, a talented minstrel, and author of four books on Celtic Paganism: *The Portal Book*, *The Book of the Dragon*, *Druidheachd* and *Grammar*. Lialal is a priestess of the Traditional Craft, an educator, and has been an officer of the Covenant of the Goddess. They present *Bride's Healing Fire*, A Celtic ceremony of worship and magic, focusing on the Celtic Goddess of Healing and Inspiration.

Madonna Moonhawk has studied spirit paths for over twenty years, including the teachings of the Sufi order, the Lakota tribe, and the Goddess path. She is a licensed Massotherapist and has used Shiatsu, reflexology, deep muscle therapy, sound vibrational healing and Reiki. She will present *The Dances of Universal Peace*: simple meditative and uplifting group dances representing and integrating many of the world's spiritual traditions to help create peace and unity within and without. She will also lead a workshop on *Sound Vibrational Healing*, a technique combining voice, massage, and energy awareness.

Joseph Rothenberg is a Registered Nurse, licensed professional counselor, A.C.E. and Chameleon Club co-founder and a consultant in bio-feedback, mind-entrainment devices and sensory isolation. In *Interface: A Hands-On Experience With Electronic Meditation Tools*, participants will learn about and work with a variety of electronic meditation aides, such as bio-feedback equipment and mind machines using pulses of light and sound to help attain the desired state of consciousness for fun and beneficial mind training.

Donna Howell, former President of the Ohio State Massotherapy Assn., A.C.E. organizer and Chameleon, presents *Finding the Healer Within*. Each of us has the inner ability for healing, whether for ourselves or for others. Donna will teach rituals and meditations to access that healing wellspring and focus that ability. This class, the fifth in a series, will focus on the Element of Spirit.
